

## T-piece

T-PIECE D 42X3-M18X1.5

## Application

|                       |                                             |
|-----------------------|---------------------------------------------|
| Design                | for sensors with process connection M18x1,5 |
| Application           | for industrial applications                 |
| Media                 | liquids and gases                           |
| Pressure rating [bar] | 30                                          |

## Tests / approvals

|                                  |                                                                                                                                                    |
|----------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------|
| Pressure Equipment Directive     | A possible classification to PED depends on the application and has to be carried out by the user / operator.                                      |
| Pressure Equipment Directive EAC | The adapter is intended for use in devices, machines and installations that do not fall under the categories of the technical rule TR CU 032/2013. |
| Safety instructions              | The compatibility between medium and product material has to be checked in all applications.                                                       |

## Mechanical data

|                    |                                 |
|--------------------|---------------------------------|
| Weight [g]         | 1061.4                          |
| Materials          | stainless steel (1.4571/316Ti ) |
| Sensor connection  | M18 x 1,5                       |
| Process connection | welding adapter Ø 42 mm         |

## Remarks

|               |        |
|---------------|--------|
| Pack quantity | 1 pcs. |
