PRODUCT DISCONTINUATION

Slim I/O Relay Slim I/O Solid State Relay

G2RV-SR series
G3RV-SR series
PYDN-6.2 series
P2RVC-8 seriesa

RECOMMENDED REPLACEMENT

Slim I/O Relay Slim I/O Solid State Relay

G2RV-ST series
G3RV-ST series
PYDN-6.2ST series
P2RVC-8ST series

[CAUTION ON RECOMMENDED REPLACEMENT]

- There is no change the mounted Relay or SSR.
- Dedicated accessories (PYDN-6.2 series, P2RVC-8 series) for G2RV-SR/G3RV-SR are not compatible and cannot be used.
- There are no 2,3,4,10 pole types for the PYDN-6.2ST series. When using other than 20 pole, cut 20 pole before using. However, since the metal on the cut surface will be exposed, human safety and insulation countermeasures between adjacent products must be ensured. Such countermeasures include using isolation plate model P2RV-P3.1ST or taking an equivalent insulation countermeasure.
