

## Versatile Process Analysis

One device – all parameters – all sensors

### One device for pH, ORP, conductivity and oxygen

Stratos Evo is the latest evolutionary stage of analyzers. The 4-wire multi-parameter device for measuring pH value, ORP, conductivity (conductive or inductive) or dissolved oxygen. The high-performance High power broad-range power supply allows the operation with optical oxygen sensors.

### Digital platform

The fully digital functionality eliminates interferences such as might occur with analog devices.

When using analog sensors, the device automatically recognizes the parameter as soon as the measuring module is inserted.

### Power supply for external 2-wire transmitters

The high power supply offers another advantage thanks to the option of also supplying external 2-wire transmitters, for example pressure or flow transmitters. The respective signal can be displayed and processed via the 4...20mA input.

### Signaling operating states by a multi-color backlit display

Stratos Evo features intuitive operation with color-coded user guidance. The widescreen display with six different colors indicates the respective operating states: normal measuring mode is backlit in white while information mode displays are illuminated in green. The diagnostics menu, maintenance request and the hold mode are each indicated by unique colors. Deep red indicates the alarm status and a red flashing display points out invalid input or incorrect passcodes.

Concise, self-explanatory icons provide an easy overview.

### Explosion protection Zone 2 (ATEX, IECEx)

The device can be used in hazardous areas of Ex Zone 2.

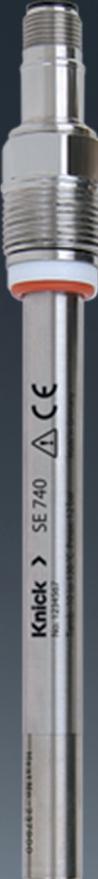

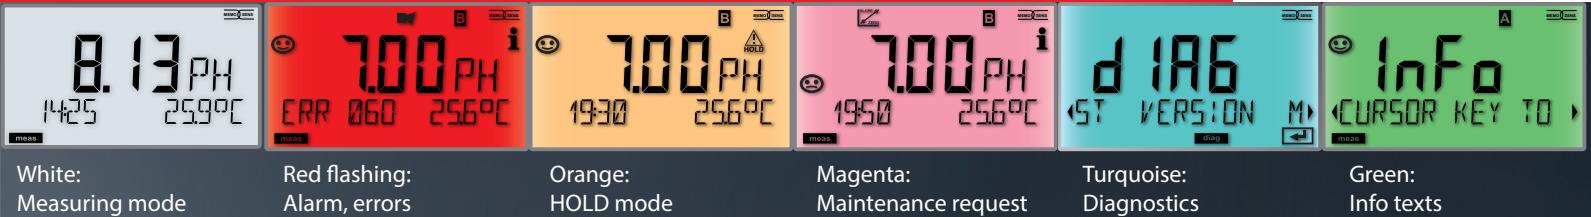

**MEMOSENS**

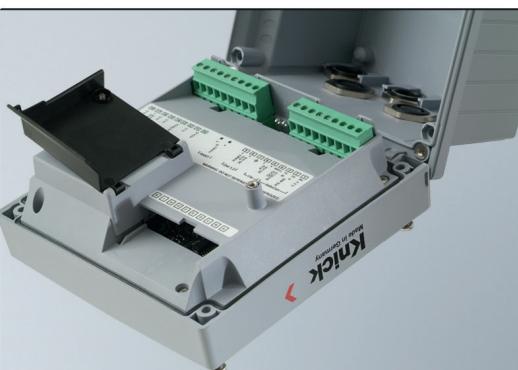

3 years  
warranty!

### Facts and features

- Comprehensive features and flexibility enable universal application.
- One device for pH/ORP, conductivity or oxygen (configurable)
- Operation of Memosens sensors
- Interchangeable modules for operation with conventional analog sensors
- High power supply for operating digital optical oxygen sensors
- Power supply and signal processing for external 2-wire transmitters (pressure, temperature)
- A multi-color backlit display signals operating states
- Approved for Ex Zone 2 (IECEx, ATEX)
- HART
- Global use thanks to broad-range power supply

	Integral action*)	Reset time Tr: 0 ... 9999 s (0 s = no integral action)
	Derivative action*)	Rate time Td: 0 ... 9999 s (0 s = no derivative action)
	Controller type*)	Pulse length controller or pulse frequency controller
	Pulse period*)	1 ... 600 s, min. turn-on time 0.5 s (pulse length controller)
	Max. pulse frequency*)	1 ... 180/min (pulse frequency controller)
Real-time clock	Different time and date formats selectable	
	Power reserve	> 5 days
Display	LC display, 7-segment with icons, colored backlighting	
	Main display	Character height approx. 22 mm Unit symbols approx. 14 mm
	Secondary display	Character height approx. 10 mm
	Text line	14 characters, 14 segments
	Sensoface	3 status indicators (friendly, neutral, sad smiley).
	Mode Indicators	meas, cal, conf, diag Further icons for configuration and messages
	Alarm indication	Display blinks, red backlighting
	Buttons	meas, info, 4 cursor keys, enter
Keypad	Parameter sets A and B,	(not with MK-CC 065 module)
2 parameter sets	switchover via CONTROL input or manual	
Diagnostics functions	Calibration data	Depending on the selected process variable
	Device self-test	Automatic memory test (RAM, FLASH, EEPROM)
	Display test	Display of all segments
	Logbook (SW-A002)	Recording of events, 100 entries
	Extended logbook (SW-A003)	Audit trail recording according to 21 CFR Part 11 200 entries

HART communication (SW-A001)	Digital communication via FSK modulation of output current 1, HART version 6 Device identification, measured values, status and messages, parameter setting, calibration, records
FDA 21 CFR Part 11	Conditions                    Output current $\geq$ 3.8 – load resistance $\geq$ 250 $\Omega$
Service functions	Access control by editable passcodes Logbook entry and flag via HART in the case of configuration changes Message and logbook entry when enclosure is opened
	Current source                Current specifiable for output 1 / 2 (00.00 ... 22.00 mA) Manual controller             Controller output entered directly (start of control process) Sensor monitor                Display of direct sensor signals Relay test                    Manual control of relay contacts Device type                   Selecting the measuring function (pH, Cond, Condl, Oxy, CC, pH/pH, pH/Oxy)
Data retention	Parameters, calibration data, logbook > 10 years (EEPROM)
Electrical safety	Protection against electric shock by protective separation of all extra-low-voltage circuits against mains according to EN 61010-1
Explosion protection (A402B)	Global:                    IECEx Zone 2, 22 Europe:                    ATEX Zone 2, 22
EMC	EN 61326 Emitted interference        Class B (residential area) Immunity to interference    Industry
RoHS conformity	according to EC directive 2002/95/EC
Power supply	80 V (-15%) ... 230 (+10%) V AC ; $\leq$ 10 W ; 45 ... 65 Hz 24 V (-15%) ... 60 (+10%) V DC ; 10 W Overtvoltage category II, protection class II Test voltage                2.5 kV AC
Nominal operating conditions	Ambient temperature        -20 ... +55 °C Transport/Storage temp.    -30 ... +70 °C Relative humidity            10 ... 95% not condensing Molded enclosure made of PBT/PC, glass-reinforced
Housing	Mounting                    Wall, pipe/post or panel mounting Color                        Gray, RAL 7001 Ingress protection          IP 67 / NEMA 4X outdoor (with pressure compensation) Flammability                UL 94 V-0 Dimensions                   H 148 mm, W 148 mm, D 117 mm Control panel cutout        138 mm x 138 mm to DIN 43 700 Weight                      1.2 kg Cable glands                3 knockouts for M20 x 1.5 cable glands 2 knockouts for NPT ½" or rigid metallic conduit Connections                 Terminals, conductor cross section max. 2.5 mm <sup>2</sup>

3) plus sensor error

MK-CC 065 N module (non-Ex)

## Easy installation

- Wall, post/pipe or panel mounting
- All parts are easily accessible
- Large terminal compartment
- Rear unit can be pre-installed
- Also suitable for rigid metallic conduits
- Replaceable screw terminals
- Replacing the electronics without new cabling

### ZU 0274 pipe-mount kit

For mounting on vertical or horizontal posts or pipes.

### ZU 0737 protective hood

Additional protection from direct weather exposure and mechanical damage.

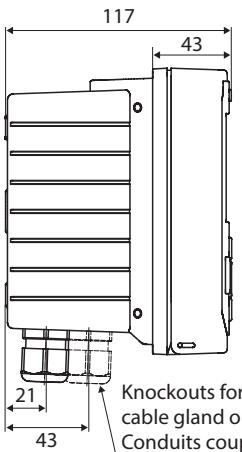

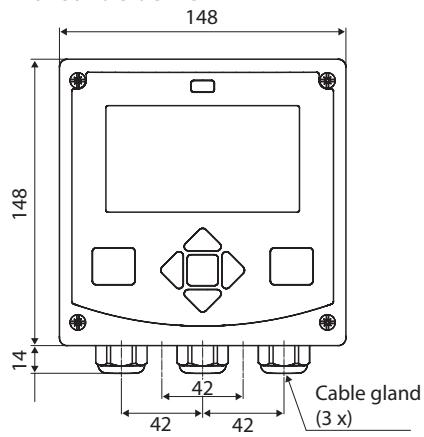

### ZU 0738 panel-mount kit

For mounting in standardized panel cutout 138 x 138 mm (DIN 43700), sealed against panel.

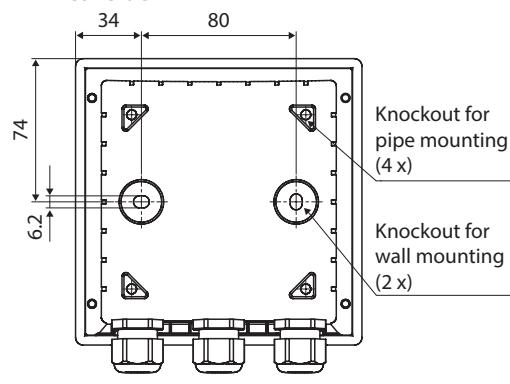

## Dimension drawings
